

# Investing for Success

**Under this agreement for 2017  
Eatons Hill State School will receive**

**\$296,584\***

## This funding will be used to

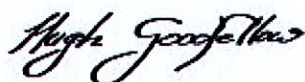

- Provide curriculum leadership to support the improvement of classroom teaching in English and Mathematics across all year levels of the school
- Provide additional teacher-aide assistance to implements targeted reading programs
- Provide community liaison time for school staff to build partnerships with local Early Childhood providers to strengthen transition procedures and improve the early sharing of student learning data.
- Provide additional resources in English and Mathematics

## Our initiatives include

- Employing two teachers on contract for the year and using the release time, and additional school funding, to establish Head of Curriculum Positions in English and Mathematics
- Employing additional teacher aides to support reading programs
- Releasing a school prep staff for one day per week to visit local early childhood centres and coordinate a local Early Childhood network
- Purchasing additional resources to support our English and Mathematics programs

## Our school will improve student outcomes by

- Head of Curriculum Positions in English will improve English Unit implementation and assessment and develop consistency in the implementation of the school spelling program (\$70 000)
- Head of Mathematics will improve Mathematics Unit implementation and assessment (\$70000)
- Additional teacher aides will provide individual and small group instruction to targeted groups to support the school reading programs (\$110000)
- Releasing a school prep staff for one day per week to visit local early childhood centres and coordinate a local Early Childhood network (\$16584)
- English and Mathematics resources (\$15000 per learning area)
