Parent Volunteers

We welcome assistance from any parents / carers with a little time to spare. Volunteers can assist with shelving returned stock, labelling, stamping or covering new resources to ready them for borrowing. If you have a friend or two to join you, it can be more fun. If you are interested, please see us to work out a time and a task that suits.

We always have tea and coffee available for our wonderful volunteers.

Keep an eye on the tally on the main page to see how many resources our volunteers have helped us to cover and get into circulation so far this year. Thank you can never be said enough!

New resources added to the library collection this year

!!!
