RISK ASSESSMENT

Noosa Northshore Retreat Camp 24th – 26th November 2025

The aims of the camp are:

- For students to develop the skills needed to cooperate and work with others in a non-school setting.
- Students have the opportunity to build on social skills that enable them to initiate, maintain and manage positive social relationships.
- To reinforce and extend classroom learning.
- To provide all students with the opportunity to participate in a camping program.
- To provide students with experiences that promote teamwork, cooperation, self-esteem, independence, leadership, judgement, tolerance, resilience and resourcefulness.
- To provide a program that offers students the appropriate skills and knowledge needed to act responsibly and work independently and within a team environment.

Your child will complete a total of 11 activities throughout the duration of the camp. All activities take place at Camp Noosa Northshore Retreat itself.

Before activities start all students must have a filled water bottle and have applied sunscreen. They must also have a broad brimmed hat, suitable enclosed shoes and appropriate sun safe clothing on. During all activities, students are encouraged to drink water. They are also provided with either a morning or afternoon snack and allowed to go to the toilet at any time.

The activities include:

Activity	Description	Risk Level
Giant Swing	Participants will be able to test and push their individual comfort zones while on this activity. Challenge by choice is a big concept for this activity. The whole team pulls the 'Swinger' up as far up as they choose (up to 20 metres!). When they are ready, the 'Swinger' lets go to experience a thrilling swing that will leave their heart racing	Medium
Bouldering	It all begins with movement. Bouldering is rock climbing without ropes above landing mats. After some expert tuition from our instructors, students will be free from ropes, harnesses and climbing hardware as they challenge themselves in a safe and controlled environment.	Medium
Crate Climb	Secure in helmet and harness, students work together in teams to get their group as high as possible adding crates to the stack without it collapsing. If and when the crate does tumble, students are safely lowered to the ground to re-join their teams and rotate climbers.	Medium
Archery/ Archery tag	The aim of this activity is to provide participants with a new recreation experience, develop motor skills, increase self-confidence and gain an understanding of the fundamental skills and safety issues associated with Archery. Participants receive coaching from qualified instructors on stance and technique, and how to use the re-curve bows to shoot at target boards.	High

Stand Up Paddle/ Raft Building	Stand up paddle boarding has been around for approx. seven years in Australia and has been the fastest growing surf sport in the country. Total Adventures has conducted a number of sessions with schools in the lake adjoining our Noosa North Shore Property. We use a soft user-friendly board with an adjustable paddle and leg rope. The students will learn a variety of skills and safe water practices all under the guidance of our qualified surf coaches. This is an ideal activity for the winter months when it is too cold to surf. The lake is only knee deep, so it is perfect for beginners.	High
Lantern Stalk	The object of this activity is relatively simple, but students quickly realise that they will need to use cunning, stealth and patience to be successful. Students attempt to recover a small flashing strobe light that is closely guarded by two 'Lantern Guards' armed with torches. If a student is spotted trying to reach the 'Lantern' they must return to the start base.	Low
Laser Tag	The thrills, spills, fun and action start right here. Have you got what it takes? Get ready to enter a world of adrenaline-pumping, nerve-jangling, heart pounding action! This battle zone incorporates all the fun of the battle arena, without the pain, bruising or projectiles. Students will be encouraged to work in teams to see who will be able to hit the most targets, have the best domination.	Medium
Body Boarding/ Beach Games	Body boarding is ideal for anyone who would like to experience the thrills and spills of the ocean as you embrace the challenge of catching and riding waves! With this 'no experience necessary' lesson, all participants will have a fantastic time in the waves. Our fully qualified instructors will cover beach and water safety, ensuring all students have the knowledge to stay safe in the ocean for a lifetime. They will then move on to cover all the basics of using a bodyboard.	High
